Builder mindset, curious and experimental, calm under pressure, highly organized, strong communicator with non-technical users

Languages

English: Fluent (C1/C2)
Spanish: Native
German: Beginner (A2, Developing)

Laura Sophia Velandia

BSc Computer Science Student | AI Builder & Prototyping | Berlin, Germany

BSc Computer Science student at GISMA University in Berlin with a builder mindset and hands-on experience creating AI-powered tools and prototypes. Combines a technical foundation from Harvard's CS50 series (Python, Cybersecurity) with practical use of generative AI tools such as Claude, Lovable, and Langdock to automate workflows and solve real problems. Brings several years of leadership and coordination experience across international settings. Curious, organized, and calm under pressure, with a talent for turning complex ideas into simple solutions. Fluent in English and Spanish, with developing German.

Experience

Mar 2026 - Present
GetYourGuide, Berlin, Germany

Working Student IT Operations

- Built an internal ticket-management dashboard using Lovable, giving the team a clearer, faster way to track and handle support Jira tickets.
- Used Claude Cowork to triage and distribute incoming Jira tickets, streamlining workflow and ensuring faster, more organized assignment.
- Set up and managed Langdock as an AI workspace for the team, making AI tools accessible for day-to-day work.

Aug 2023 - Jun 2025
Aspaen Iragua | Model UN Executive Board, Bogotá, Colombia

Project & Logistics Coordinator, Student Leadership

- Coordinated end-to-end logistics for large-scale international academic conferences, managing schedules, agendas, stakeholder communications, and task delegation across cross-functional teams.
- Served as Executive Board Member (twice), overseeing administrative tasks, tracking deliverables, and ensuring compliance with conference timelines and procedures.
- Acted as Head Cheer Captain, managing team coordination, scheduling, and role responsibilities, developing strong organizational and time management skills.

Jun 2024 - Jun 2025
Cambalés Camp, Bogotá, Colombia

Activity & Team Coordinator

- Led daily operations for groups of 30+ participants, ensuring strict adherence to schedules and operational protocols in a fast-paced environment.
- Served as primary point of contact for clients and families, managing inquiries, feedback, and escalations professionally and efficiently.
- Collaborated with an international team to coordinate logistics, activity planning, and daily routines, applying proactive conflict resolution and communication skills.

Achievements & Certifications

- CS50: Introduction to Computer Science, Harvard University (online certification).
- CS50: Introduction to Programming with Python, Harvard University (online certification).
- CS50: Introduction to Cybersecurity, Harvard University (online certification).
- International Baccalaureate Diploma: rigorous, internationally recognized academic credential.
- Recognized for leadership, communication, and analytical reasoning.
- Recognized repeatedly for leadership, responsibility, and coordination across academic and professional contexts.
